Glera at least 85%, 15%
Pinot Noir

HARVEST

Early harvested

AREA OF ORIGIN

Treviso-Veneto

ABV

11% by Volume

AVAILABLE SIZES

750ML

RESIDUAL SUGAR/TOTAL ACIDITY

9 G/L/5,3%

LANDS

The hills that stretch from east to west at the northern end of the province of Treviso (Veneto). These vineyards enjoy good sun exposure and benefit from mild, temperature climate of the area. The typical soil composition of the area results in a fuller Prosecco with the bubbles that give the wine a distinctive creamy texture.

PRODUCTION TECHNIQUE

The destemmed grapes are soft pressed, and the juice is fermented at low temperature in a stainless-steel tank to preserve the fresh fruit flavors that are typical from the Glera variety. Bubbles are developed naturally through the Martinotti-Charmat method of secondary fermentation: the base wine is racked into a stainless-steel tank along with a mixture of selected yeasts and sugar to induce the production of natural bubbles of carbon dioxide in the wine. With the use of refrigeration, temperatures are controlled to improve and maintain the quality of the wine. Once pressure hits 4,5 bar, the tank is cooled to stop the fermentation and allow the lees and sediment to deposit at the bottom. The wine is then fined and filtered to remove the lees, tested for DOC compliance and finally bottled under pressure, to preserve the bubbles, using our state-of-the-art bottling line.

SENSORY ANALYSIS

Note of fresh-picked citrus, peach and pear, raspberry and wild strawberry. Dry initially yet very smooth.

PAIRING

Fresh, fragrant wine, young for natural vocation. Ideal as an aperitif. Wine for conversation, is suitable for delicious first courses and fish dishes.

SERVING TEMPERATURE

Serve fresh at 46°F.
